

Presentation # 5

Presenter: Milan Prpic, BC Hydro

Title: Long-term Distribution Planning at BC Hydro

Biography

Milan Prpic received his B.Sc. degree in electrical engineering from the University of British Columbia, Canada in 1985. He joined BC Hydro in 1988 as Distribution Standards Engineer. Over the past 22 years his primary focus has been in the area of distribution engineering and distribution design, first as Regional Distribution Engineer and then as Manager of Customer Projects where he was responsible for the design of customer connections for residential, commercial and industrial customers. For three years Milan was the Major Project Lead working in a central group providing advice and consultation on large customer initiated projects. In 2009 Milan became Manager of Regional Distribution Planning overseeing a team of planners responsible for planning of the distribution system. Milan is a Registered Professional Engineer in the province of British Columbia.
