

Presentation # 9

Presenter: Awa-Marie Ndiaye, Hydro-Québec

Title: Distribution planning at Hydro-Quebec

Biography

Awa Marie Ndiaye graduated from Polytechnique de Grenoble (France) in 2001 and worked at EDF performing distribution simulation studies. She completed her Masters in 2007 at Polytechnique de Montréal and then she worked with EMTP-RV software doing some programming and providing technical support to software users. She joined Hydro-Quebec Distribution in January 2009 and is in charge of substation power planning.
