

10th Annual

Grounding & Lightning Conference

October 2 - 3, 2018 • Anaheim, CA

CONFERENCE OVERVIEW

Grounding and lightning issues continue to be an important area of development for the industry. New and better ways to design, construct, and test grounding and lightning protection systems are continuously being developed in order to meet higher standards and changing industry demands. This conference is an open forum for information exchange, technical presentations, and training. Seven overarching themes will be addressed through the discussion of ideas and experiences to benefit attendees and the industry as a whole.

Supported by over 30 participating utilities, the Annual Grounding and Lightning Conference brings together leading subject matter experts from around the world, while providing an exceptional opportunity for networking with consultants, manufacturers, and representatives from electric utilities.

THEMES

- Personal Protective Grounding
- Distribution & Transmission System Grounding
- Lightning Protection & Performance
- Substation Grounding
- Pipelines in Proximity to Electrical Powerlines & Structures
- Copper Theft
- Power & Control Cable Grounding

WHO SHOULD ATTEND?

- Electric & Gas Utilities
- Consultants
- Manufacturers & Equipment Vendors
- Universities

GLIG MEETING

CEATI's Grounding & Lightning Interest Group (GLIG) will hold its fall General Meeting the day before the conference. The full day meeting will place emphasis on the participant-driven program development for 2019, as well as the sharing of grounding & lightning best practices, issues, and solutions. The group will also review the activities and developments from 2018.

This event is organized with the help of the Grounding & Lightning Interest Group (GLIG) Participants:
