

Grounding & Lightning Conference

September 29-30, 2020 • Phoenix, AZ

Event Overview

Grounding and lightning issues continue to be an important area of development for the electrical utility industry. New and better ways to design, construct, and test grounding and lightning protection systems are continuously being developed to meet evolving industry demands. The 11th Annual Grounding and Lightning Conference is an open forum for information exchange, technical presentations, and training. Discussions and presentations will address seven overarching themes that will benefit attendees and the industry as a whole.

Supported by over 30 participating utilities, the annual Grounding and Lightning Conference brings together leading subject-matter experts from around the world, while providing an exceptional opportunity for networking with consultants, manufacturers and representatives from electric utilities.

Themes

1. Lightning Protection and Performance
2. Substation Grounding
3. Personal Protective Grounding
4. Distribution and Transmission System Grounding
5. Copper Theft
6. Pipelines in Proximity to Electrical Power Lines and Structures
7. Power Cable, Control Cable, and Isolated Phase Bus Grounding
