Why Partner with CEATI Events?

The CEATI Program Model provides utilities with a cost-effective vehicle for sharing experiences and addressing issues pertinent to their day-to-day operations, maintenance and planning. In addition to serving as a strong technical resource tool through **19 focus areas across generation, transmission and distribution**, our participants support the development of industry open conferences and training workshops. **We invite you to join us.**

Our industry-open events bring manufacturers, service providers, consultants, and world-renowned technical experts together with some of the key-decision makers in the industry. These events present excellent opportunities for targeted networking and exposure to potential clients, placing you directly in front of the end-users of your company's products and services.
